The resort received 500 trees from the Ministry of Municipality and Environment to contribute seedlings towards the initiative, by allowing guests pick trees to replant within their respective communities.

Team members from the resort also joined the cause towards a sustainable future by planting some of the trees across the resort.

According to Etienne Charles Gailliez, Country General Manager Qatar and General Manager, Hilton Salwa Beach Resort & Villas; “Sustainability is a very important part of what we do because we recognise our critical responsibility to protect our planet for the generations to come.
